

## ***BROADDUS BUZZ: JEFFERSON CITY EDITION***

**Week of April 22, 2024**

### **4th GRADE NEWS**

Parents,

Contracts for the 2024-2025 school year have been mailed out. Please turn in your contract or let the office know you are not returning.

**THANK YOU** to all of the parent volunteers who fed us, gave us water, and herded 4th graders around Jefferson City! It was an awesome day and it would not have been possible without **YOU!** Thank you for a memorable experience.

Have a great week!

Mrs. Broaddus

### **MATH**

We have started Ch. 14 studying geometry. The students will draw and identify different types of lines and classify, measure and draw angles. Please watch the planner and website for homework. **KEEP STUDYING MULTIPLICATION FACTS!**

#### **Upcoming events**

- *Current Event due April 22*
- *Summertime, Please Come Soon!, April 24 at 6:30 p.m.*
- *Field trip to Incredible Pizza and The Montclair, April 26*
- *Last day of school—May 9*

# READING AND WRITING

The students are working on rough drafts for the Famous Missourian Scrapbook. We've had several interruptions and hope to get back on track this week. Be thinking about what your student wants to use for the scrapbook. It could be a small binder, a folder with brads, or pages tied together with ribbon or yarn.

We are publishing the animal research writing. The students are also working on an acrostic poem and book recommendation for their book club book. The migration movie pitch is also being completed this week.

# SOCIAL STUDIES

We are using social studies time to work on the scrapbook.

The last Current Event is due Monday!

# SPELLING

Students are completing Unit 9, Part 2 this week. Work not completed by Thursday will be homework. Tests are Friday and workbook pages are due Friday.

We are still striving for neat and complete work! Workbooks will not be returned for corrections. Do your BEST work!

# Jefferson City Trip April 16, 2024
