### Famous Missourian Scrapbook

Each student will complete a scrapbook about a famous Missourian.

The areas of focus are:

\*Childhood

\*Family

\*Career

\*Accomplishments

Below are the items that should be included.

1. Cover Page with Missourian's picture, Missourian's name, and student's name
2. Time line of important events in person's life
3. Three journal entries *with dates* written as the person (focus on an important time in the Missourian's life)
4. Three to five images from varied time periods of person's life (MUST HAVE CAPTIONS!!)
5. One drawing of an important object to the person's career or life; 2-3 sentences explaining the object
6. A map of Missouri showing where the person lived; 2-3 sentences explaining
7. Sources will be included at the end of the scrapbook.

You may make the scrapbook out of construction paper, cardstock, or any other type of paper. I would prefer it if you did not buy a scrapbook because they are very large and we will not need that many pages.

***Be neat, creative, and have fun with this!*** Take your time, do rough drafts of everything, and plan it out **before** you start gluing or taping. Use construction paper or another type of paper to back pictures, captions, etc.
